Following on from November's **Mimosa** collection, **bargrooves** continues with the 'taste and tastemakers' quartet, to bring you **Metropolitan** – the perfect soundtrack to the early evenings of winter. This time, **bargrooves** resident DJ, **Ben Sowton**, has invited the **Soul Avengerz** to guest mix CD2. Ben turns in a beautifully melodic mix, with highlight tracks and mixes from **Atjazz**, **Physics** and **Soldiers of Twilight** while the **Soul Avengerz** up the tempo a little with a mix that fits right in with the **bargrooves** vibe. Their mix includes some of their own exclusive material and remixes, as well as tracks from **Wave**, **Soulfuric**, **Defected** and **Susu**.

The **bargrooves** series is world-respected for its international cocktail of style and sophistication. **Metropolitan** follows in that tradition with a double disc set of deep sexy grooves.
