

THE KINKS

One For The Road

THE MUST HAVE DVD FOR ALL KINKS FANS!!

Videotaped at a Providence, RI, concert during the Kinks tour to promote their surprise hit 1979 album *Low Budget*, *One for the Road* is an excellent showcase of one of rock's most innovative bands during the height of their popularity as a ticket-selling arena act. Musically, it features most of the Kinks classics that you'd expect – "Lola," "You Really Got Me," and "All Day and All of the Night" are included – plus a liberal sprinkling from their then more recent work. Among the extra features there's an audio track by guitarist Dave Davies and an amazing cool video tour of the places in London where the band members grew up and began their careers.
